

AQUASAFE

1. INTRODUCTION:

A resilient, textured, vinyl self-adhesive product that benefits from promoting an anti slip surface in both wet and dry conditions. Can be applied to any non-porous surface.

Available in rolls, strips and tiles.

2. PHYSICAL CHARACTERISTICS:

Colour	Clear, White or Black
Rolls	18m (60ft.) length widths from 25mm. to 600mm.

Available in the following choice of colours:

White	- for use in bathrooms, locker rooms, sports centres, pool areas, nursing homes, hospitals. On floors, in baths, showers, boat decks, etc.
Clear	- for use as above but where the appearance is of particular importance, (e.g. on colour surface)
Black	- for use on sports equipment disabled equipment and vehicles wheelchair ramps etc.

3. APPLICATION

- Ensure the surface is clean, dry and free from dust, oil or other contaminants.
- For best results, apply a primer prior to application of the tape.
- Remove the backing paper from the tape and press down firmly.
- For best results seal all exposed edges with an edge sealing adhesive.
